NEW BABY! Experiencing the joy of parenthood can be bliss. However, not everyone has a hiccup-free ride to the destination. For those needing a little help, Care IVF opened the doors of its second centre in Kolkata at Loknagar in Salt Lake. Located at 8th Lane, Sector 1, the centre offers services like IUI, IVF, Andrology Services and Pre-Genetic Screening of Embryos and Diagnosis of Diseases. Also, additional services like Fetal Echo-cardiograph, In-house videos for IVF counselling and a dedicated medicine room where prescribed medicines are readily available. "This centre offers the best to treatment on per international standards. However, the USP of the clinic would be cost-effective treatments, where even those who are economically disadvantaged can avail treatment at easy rates," said Rajeev Agarwal, who heads the group of clinics at the clinic. "Seeking treatment for pregnancy is still a taboo in our society, with the women often having to shoulder the blame. I, however, want to get the message across that there's nothing wrong in seeking help, especially considering the fact that 'which is a beautiful little baby,' said Bollywood actor Abhishek Bachchan who appeared for an online contest and gave the clinic with the title.

Questionnaire Session
