Dear Sir,

Thanks for the mail. You have been our partner institute since several years and every year we had been given the preferred day-status at the institute.

We had got bright students from CS/IT branches in the past and they had done well in the organization. Being a state university in WB, you have a vision to excel and we are always looking for a continued relationship with MAKAUT/WBUT in this journey towards the vision.

Best Regards,
Biswa Bhusan

Subject: Regarding the feedback of our students

Dear Sir,

You are the mass recruiter of our students completing UG & PG courses from this University. It is learnt from the alumni that they are highly placed in your organization. It is also learnt from them that they are happy in your esteemed organization. But we have not learnt anything from the Employer regarding the performance of our passed out students serving in your organization. Your feedback will help us to serve you better particularly in terms of providing skilled and qualified manpower in your organization.

Thanking you.

With regards,

Pritimoy Sanyal
