Dear Mr. Sanyal,

Greetings of the Day!

We have found the students to be strong in their domain knowledge, technical know-how, and interpersonal skills which gives them an edge during their project assignments at Wipro. This has helped them excel and progress rapidly to higher levels within the organization as well. We have been highly satisfied with the quality of students we have recruited from West Bengal University of Technology and feel proud to have been in collaboration with them as our Academic Partner over the years.

Warm Regards,**Shilpi Saraogi****Location Campus Manager****Global Delivery Enablement**

Dear Sir,

You are the mass recruiter of our students completing UG & PG courses from this University. It is learnt from the alumni that they are highly placed in your organization. It is also learnt from them that they are happy in your esteemed organization. But we have not learnt anything from the Employer regarding the performance of our passed out students serving in your organization. Your feedback will help us to serve you better particularly in terms of providing skilled and qualified manpower in your organization.

Thanking you.
